### Newspaper vs. Poster

Clall Collier, the auctioneer, considered the best authority on the Public Sale business in Clarke county or you might say any other county, told a Democrat representative the other day, he would rather all his clients would cut out the sale bill and sale card advertising and spend the money judiciously in buying nice big display advertising space in the county papers. He says how in the dickens is a fellow going to read a public sale bill stuck up on the four corners when he goes by in his lizzie at a 30 mile per hour clip, and who is going to stop said lizzie just to read a sale bill. Another thing, he says what farmer has got the time to throw away driving around the country or running around town tacking up bills, when he can get his advertisement right up to the family hearth in the family paper in the evening, to be read at leisure hours, where it does some good. It gives the farmer buyer a chance to look the advertisement over carefully and pick out the stock and other things he wants before he attends the sale. It makes things at a sales speed up, it brings larger crowds and they come from a greater distance, consequently it brings in more money. Newspaper publicity and a lot of it is what gets the people Mr. Collier says and never worry, he will do the rest.—Democrat, Osceola, Iowa.

### TAKES OFF DANDRUFF, HAIR STOPS FALLING

Save your hair! Get a small bottle of Danderine right now—Also stops itching scalp.

This, brittle, colorless and scraggy hair is mute evidence of a neglected scalp, of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a small bottle of Knowlton's Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderine. Save your hair! Try it!

### The Proper Greeting

Don't greet him with a vacant smile  
Or sympathetic sob.  
Extend the fighting man your hand  
And back it with a job.

What Doctor Pierce Has  
Done For Humanity!

BY DOCTOR CRIPPS.

It has always seemed to me that Dr. Pierce, of Buffalo, N. Y., should be placed near the top when a list of America's great benefactors is written. He studied and conquered human diseases to a degree that few realize. Whenever he found a remedy that overcame disease, he at once announced it in the newspapers and told where it could be bought at a small price. He did not follow the usual custom of keeping the ingredients secret, so that the rich only could afford to buy the medicine, but openly printed the name of each root and herb he used. And so to-day the names of Dr. Pierce and his medicines are widely known, and they stand for better health and better citizenship.

One of this great physician's most successful remedies is known as Doctor Pierce's Pleasant Pellets. These are little, sugar-coated pills, composed of Mayapple, leaves of aloe, root of jalap—things that Nature grows in the ground. These Pellets are safe because they move the bowels gently, leaving no bad after-effects, as so many pills do. Very often they make a person who takes them feel like a new man or woman, for they cleanse the intestines of hard, decayed and poisonous matter that accumulates when one is constipated. If you are constipated, by all means go to your druggist and get some of Dr. Pierce's Pleasant Pellets. They may prove to be the very thing your system requires to make you well and happy.

### The Goose And The Hen

When a goose lays an egg, she just waddles off as if she were ashamed of it because she is a goose. When a hen lays an egg she calls heaven and earth to witness it! The hen is a natural born advertiser. Hence the demand for hen's eggs exceeds the demand for goose eggs, and the hen has all the business she can attend to.—Andrew Lang

### Rid of The Subject

Aside from the moral and material benefits national prohibition is sure to confer, it should rid us finally of the importunities of those single-track individuals whose entire political vision it obscured and who made a religion of the issue, injecting it into every question, however momentous, that arose. At the same time it will rob the demagogue of an opportunity he has thriven on, free us of a pharisaism that disgusted even honest thinking dry men, and deprive some very tiresome gentlemen who lived on a prevailing cant of goof salaries and an easy time. The millennium will not result immediately, only the idea has triumphed for the present and men will continue to drink and get drunk, but we are finally rid of the question and should be thankful.
